**It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

The aims expressed in paragraph 4.2 are far from fulfilled in the subsequent policies and can surely not be upheld when inspected.

There are many brownfield sites – eg in the town centre, Chineham etc – which do not feature in the Plan for development. Instead, the great weight of promotion is in the area to the South West of Basingstoke – all greenfield land, the development of which we are supposed to be minimizing. It is a very unbalanced Plan, placing over 75% of the total new homes in the area to the South West – an area of the Borough which is already massively developed.

Whilst it is inevitable that Manydown South (and North) are developed, Southwood Farm, which is not even named in the policies but is incorporated in “Southern Manydown”, does not have to be developed. I will comment further on this under Policy SPS5.4.

Further, Popham Airfield appears to be a convenient supply of 3000 homes, 1400 in the Plan period, but it will decimate the countryside, rob the town of a valuable and unique leisure and business asset and deeply affect the nearby villages of North Waltham, Steventon and Popham. As long as there remain both sizeable brownfield sites and sites to the east of Basingstoke, this development cannot be acceptable. More comments under Policy SPS5.5.
